UNIVERSITY GRANTS COMMISSION

বিশ্ববিদ্যালয় মঞ্জুরী কমিশন

It is indeed a great pleasure to know that East West University is holding its third convocation. A convocation is synonymous with success in the academic fraternity. This is a great accomplishment for the graduating students, their proud parents, the faculty and the management of the university.

I am impressed by the quality of education provided by several private universities of the country including East West University. East West University's special efforts to the children of the middle class are to be lauded. More importantly, a convocation ushers in an atmosphere of optimism in the academia because the graduates are available to the nation building. The hardwork, dedication and open mindedness of the graduates of today would do us a lot of good starting tomorrow.

I extend my best wishes and regards to everyone present here on this occasion. May we see many more such convocations.
