Mission Statement

In keeping with its name, East West University, rated among the top private universities of Bangladesh, is an institution that promotes eastern culture and values, and meaningfully blends eastern and western thought and innovation. As an institution of higher learning that promotes and inculcates ethical standards, values and norms, East West University (EWU) is committed to the ideals of equal opportunity, transparency, and non-discrimination.

The primary mission of EWU is to provide, at a reasonable cost, post-secondary education characterized by academic excellence in a range of subjects that are particularly relevant to current and anticipated societal needs. Central to the university's mission is its intention to provide students with opportunities, resources and expertise to achieve academic, personal and career goals within a stimulating and supportive environment. EWU is striving not only to maintain high quality in both instruction and research, it is also rendering community service through dissemination of information, organization of training programs and other activities. Sensitive to the needs of its students and staff, EWU is committed to providing a humane, responsive and invigorating atmosphere for productive learning and innovative thinking.

History

The idea of establishing a private university to provide quality education at an affordable cost in Bangladesh was first mooted by a group of prominent academics, business leaders, professionals and education enthusiasts led by Dr. Mohammed Farashuddin. With this end in view, this group formed a non-profit, non-political, charitable organization called Progoti Foundation for Education and Development (PFED). East West University is its first major project. Members of the Board of Directors of East West University are Mr. Jalaluddin Ahmed, Mr. S.M. Nousher Ali, Mr. Farooque B. Chaudhury, Dr. Rafiqul Huda Chaudhury, Syed Manzur Elahi, Dr. Mohammed Farashuddin, Mr. Mohammed Zahidul Haque R.Ph., Dr. Saidur Rahman Lasker, Dr. Muhammad A. Mannan, Professor M. Mosleh-Uddin, Mr. Shelley A. Mubdi, Mr. M.A. Mumin, Dr. Khalil Rahman, Mr. H.N. Ashequr Rahman and Mrs. Razia Samad.

After being accorded permission by the Government under the Private University Act (Act 34) of 1992, East West University was launched in 1996. Classes started in September 1996 with 6 faculty members and 20 students in the present campus located at 45, Mohakhali Commercial Area, Dhaka.

Accreditation and Collaboration

East West University has been accredited by the Government of the People's Republic of Bangladesh, and its curricula as well as programs have been approved by the Bangladesh University Grants Commission.

	Convocation 2006: 416

The President of the People's Republic of Bangladesh is the Chancellor of EWU. The Vice Chancellor, the Pro-Vice Chancellor, and the Treasurer are appointees of the President of the country in his capacity as the Chancellor of the University.

East West University has formal collaboration agreements with the following leading universities in the USA:
Pace University (New York)
Suffolk University (Boston)
Southern Illinois University at Carbondale
University of Luton, Bedfordshire, England
University of Fukui, (UF) Japan
It has also entered into collaboration agreements with a number of other well-known universities in the USA, UK and Australia.

Location

The temporary campus of the university is located at 41, 43,44, 45,46 and 49 Mohakhali C/A, Dhaka. It consists of 3 (three) twelve-

storied, 1 (one) ten- storied, and 2 (two) six-storied buildings with approximately 1,60,000 (one lakh and sixty thousand) sft of space. The campus is situated in the heart of the city and can be easily accessed by all modes of public transportation.

With a view to shifting to its own campus, EWU has purchased 555.75 decimals of land at Mouja Vadham, P.S. Tongi, District Gazipur. It has also received allotment of 1 (one) bigha of land in Uttara from RAJUK. Most recently, the university has purchased a total of 7.4 bigha land at Aftabnagar on the Progoti Sarani adjacent to BTV. The Board of Directors of East West University approved the campus design selected by the jury board. The stipulation is to commence construction of the first EWU Campus in Aftabnagar in early 2006. East West University intends to move to its own campus by the end of 2007.

Degrees Offered

Currently, EWU offers the following four-year Bachelor degrees:

- B.B.A. (Majors in Accounting, Marketing, Finance, Management, International Business, HRM and MIS)

- B.S.S. in Economics

- B.A. in English

- Bachelor of Pharmacy (B. Pharm.)

- B.Sc. in Computer Science

- B.Sc. in Computer Science and Engineering

- B.Sc. in Electrical and Electronic Engineering

- B.Sc. in Information and Communications Engineering

EWU plans to offer the Bachelor's Degrees in the near future in the following areas:

- Nursing

- Law

- Journalism

- Health Management

- Management Information System (MIS)

- Population Sciences

- Applied Physics and Electronics

- Biomedical Engineering

EWU also offers the following Graduate Degrees:

1. MBA Regular and Executive

2. Master of Arts in English (MA in English)

3. Master of Bank Management (MBM)

4. Master in Development Studies (MDS)

5. Master of Laws (LLM)

6. Master of Computer Applications (MCA)

7. Master of Science in Computer Science and Engineering (MS in CSE)

8. Master of Science in Telecommunications Engineering (MS in TE)

9. Master of Population Reproductive Health, Gender and Development (MPRHGD)

Convocation 2006

English is the medium of instruction and examination for all programs offered by EWU. EWU has three semesters in an academic year and these are:

Semesters:

Spring : January - April
(Third Sunday of January)

Summer : May- August
(Third Sunday of May)

Fall : September- December
(Third Sunday of September)

Class Meetings

Classes are held from Saturday through Wednesday. For each 3 credit course, 2 (two) classes of one hour and a half take place during a week. In EWU, for 1 credit of lab, 2 hours of lab work per week is assigned.

Slot	Weekday
ST	Sunday, Tuesday
SR	Sunday, Thursday
TR	Tuesday, Thursday
MW	Monday, Wednesday

If classes cannot be held as per schedule due to unavoidable reasons, makeup classes are arranged.

Facilities & Amenities

VSAT and Computing Facility

East West University provides a unique opportunity to meet the computational demand of an ever-increasing technology savvy society. The campus-wide fiber optic network of over 500 workstations with servers of different brand helps students acquire skills for the worldwide IT industry. Faculty members have been keeping up with the demand of the technology.

The Internet facilities have been updated from FTDMA shared bandwidth to speedy SCPC link with 2mbps dedicated bandwidth the university is using AsiaSat-4 through 2.4m VSAT Antenna, C-Band, ODU, and CISCO router.

Along with existing domain ewubd.edu University has registered a new domain under Bangladesh .bd country domain ewu.edu.bd.

All students have their own email addresses under mail.ewu.edu.bd mail server. University has different servers as hardware.

IBM Server with windows 2003 server OS

1. SunFire V100 with Solaris 8 OS

2. HP NetServer With Linux as OS

3. Other clone server with Linux as OS

The University also has separate services for students and employees.

Lab Facilities of East West University

1. **Internet Facilities and Information and Communication Services**

    East West University has its own VSAT. The campus-wide fiber optic network with servers of different brand helps students to acquire skills on the IT industry worldwide. The faculty members have been keeping up with developments in the technology. The campus is equipped with more than 500 computers. Both the servers and workstations are connected to the central networking infrastructure for the usage of students, faculty members, administration officials and top executives. The computational facilities for students also include:

    * Internet browsing and E-mail

    * CD archiving

    * Software Project development with SDC

    * On-line ACM Programming Competition

2. **Computer Labs**

    To support the "hands-on" lab practices for different computation-intensive courses, East West University has established six computer labs equipped with more than 200 computers and printers of various ranges. The operating systems supports are Windows, Linux, etc. The programming languages and packages support include C/C++, Java, Fortran, Oracle, MatLab, Visual BASIC, SPSS, MS-SQL Server, MySQL, PHP, Microsoft .NET etc. All the computer labs are interconnected through switched network with fiber-optic campus backbone.

3. **Network Lab**

    To provide "hands-on" practices on computer networking for CSC/CSE/EEE/ICE/MIS students, a network lab has been established which houses several computers, switches, routers, and networking kits.

4. **VLSI Lab**

    To train CSE/EEE students in the area of VLSI design methods, a VLSI lab has been set up. The lab has the full range of Cadence Professional EDA tools for analog, digital, and mixed signal VLSI design. The lab also has Altera and Xilinx tools and boards for FPGA based design.

5. **Digital Systems Lab**

    The university is equipped with modern digital systems laboratory. This Laboratory is housed with equipments ranging from Digital Storage Oscilloscope, Digital Trainer Boards, Micro-Controllers, Interfacing Adapters, and other supporting peripherals. Students are engaged in transforming ideas and creating computer interfaces like developing digital meter for three wheelers, air speed meter, obstruction detected vehicle controller and many more.

6. **Electronics Lab**

    The university has established a state-of-the-art electronics laboratory, which is equipped with various ranges of oscilloscopes, function generators, analog trainer boards, power supplies, signal generators, meters, etc.

7. **Telecommunications Lab**

    The purpose of the Telecommunication Lab is primarily to offer a "hands-on" experience to students for training and research by providing practical demonstration and exercise for the theory covered in Telecommunications courses. The Lab enables students to engage in telecom projects such as Analog Communications, Pulse Coded Modulation, Digital Communications, BER Calculation, Fiber Optics, CDMA , Transmit and Receiver Antenna, and Microwave Engineering. An important part of the Telecom Lab is the TIMS and MATLAB simulation tool, made by TIMS Technologies. The lab is also involved in research of applications of computer networks, such as wireless, ad hoc sensor nets.

Convocation 2006

8. **Physics Lab**

   The Physics laboratory is housed with modern instruments for everyday physics experiments. The dark room facility helps students to conduct optical experiments.

9. **Electrical Machine Lab**

   An electrical machine lab for related EEE courses is being setup.

10. **Control Engineering Lab**

   A control engineering lab for related EEE courses is being setup.

11. **Pharmacy Laboratory**

   There are at least 18 laboratory courses and a research project to be carried out by undergraduate students of the Pharmacy Deaprtment. These require modern laboratory facilities. Current laboratory facilities include advance instruments like

1. Tablet dissolution apparatus
2. Tablet disintegration tester
3. High resolution centrifuge
4. Gel electrophoresis apparatus
5. Refractometer
6. Polarimeter
7. Karl Fisher water determination apparatus
8. Rotary evaporator
9. Freeze drier
10. Carbon dioxide incubator
11. Single punch tablet machine Capsule filling machine

UV-Visible spectrophotometer, Thermocycler for PCR, ELISA, high resolution microscope, fundamental chromatographic instruments, necessary equipments for microbiological experiments, pharmaceutics and pharmacology. Separate laboratory arrangements are available for both faculty members and students for conducting research.

East West University Center for Research and Training (EWUCRT)

A university without serious research endeavors can never attain a respectable position in the community of universities. Research conducted by teachers allows them to be at the cutting edge of knowledge in his/her field of specialization. Strong research activities translate into quality education. Therefore, to help create a research environment for faculty members and other researchers, East West University has established a Center for Research in Business, Economics and Technology (EWUCRT) to achieve the following goals:

- promote research activities for EWU faculty members and scholars in the field of business, economics and technology;
- provide consultancy services to various national and international organizations;
- offer executive development programs (EDPs) in management and technical areas to help train executives of both public and private enterprises;
- create databases on various macro-economics variables; and
- help disseminate research outputs through publications, seminars, workshops, etc.

The main strength of EWUCRT is its Fellows. All EWU faculty members are automatically Fellows of EWUCRT. The presence of so many full-time faculty members with diverse background and interest have already enriched the Center. In addition, the Center has Fellows from other institutions working in it.

EWUCRT funds research projects undertaken by EWU faculty members and conducts training programs. Its main purpose is capacity building. Young faculty members from both public and private universities participate in the center's programs. EWU provides the lion's share of the funds needed to carry out the different research activities of the center.

EWUCRT is constantly planning to undertake projects independently and in some cases in collaboration with other research and development

institutions. It is exploring the possibilities of working with international development agencies such as World Bank, IFC, ADB, etc. and also with local trade bodies such as Dhaka Chamber of Commerce and Industries (DCCI),

Metropolitan Chamber of Commerce and Industries (MCCI), etc.

Software Development Center (SDC)

The mission of the Software Development Center (SDC) at East West University is to provide EWU students with real-world experience in designing and developing quality software for offices, banks, institutions and industries. Software Development Center at EWU is being a member of BASIS (Bangladesh Association for Software and Information Services) and incorporates industry expertise for true software innovation. It has the potential to bring in the presence of the World Wide Web. SDC believes in simplicity and efficiency.

This century has already witnessed a new paradigm of information technology where objects are embedded as living and exciting parts of the worldwide web. Software Development Center intends to integrate object-oriented programming (OOP) concept with the World Wide Web by providing unique software development services along with training and mentoring programs of global IT standard.

Software Development Center believes in quality as the first principle both in software development and in training and mentoring through prominent academics and industry experts from home and abroad.

EWU Library

EWU Convocation souvenior 2006

The East West University Library's mission is to support the university community in developing skills in innovative and analytical thinking in research and in information literacy, and by providing distinctive collections, services, facilities and programs.

The EWU Library holds a unique place among the private university libraries of the country. It provides an array of extraordinary facilities to its users with the help of state-of-the-art techniques and technologies. At present, the library has more than 12,956 books. It subscribes to more than 40 different hardcopy journals, magazines and newsletters.

The Library has been completely automated by the Software Development Centre (SDC) of East West University. Its features include issue/circulation based on barcodes and automatic fine calculations as well as other useful features. The most exciting part of the automation is the web component. Students and faculty members use the web module. Faculty members post requisitions for books using the web modules throughout the semester.

The fully air-conditioned EWU Library remains open every day of the week except on Saturday. Library users can use library facilities from 8.30 am to 10.00 pm from Sunday to Thursday and from 8.30 am to 5.30 pm on Fridays.

In addition to a rich collection of more than 12,956 books and other reading materials, the library subscribes regularly to 15 national dailies and more than 40 acclaimed national and international journals and periodicals. It also has an excellent collection of CD-ROMs and audiocassettes on different academic subjects. The Library is housed in three floors of the Foundation Building. The Circulation Section, the Reserve Section and the Reference & Journal Sections are located separately in these floors and can accommodate more than 250 students at a time. There are also six separate air-conditioned Study Rooms attached to the respective department where students can hold group discussions.

The Library has the "open access" system, i.e. students and teachers have direct access to book shelves. Faculty members can borrow books for the whole semester. Members of the Academic Council enjoy similar book-borrowing facilities. Students can borrow CD-ROM for 1 day, textbooks for 3 days, and reference books for 5 days. In addition to Current Awareness Service (CAS) and Selective Dissemination of Information (SDI), the Library also provides bibliographic, database and ready reference services.

Faculty members and students can avail the Library's photocopy services. It also provides news clipping services on important subjects on a regular basis. The Library is equipped with all modern facilities including computers, printers, electronic typewriters, etc.

Convocation 2006

On-line Journals

The Library is the backbone of the research and development activities of East West University. The Library subscribes to JSTOR on-line journals i) Business collections; and ii) Language and Literature collections. The full-text of more than 100 titles of journals' articles can be accessed by faculty members, teaching assistants, researchers, and students of East West University (EWU) and the staff of EWU, provided that they are connected to the University LAN.

EWU Library has also arranged to subscribe to ACM (Association for Computing Machinery) Portal Digital Library. All faculty members, teaching assistants, researchers, students, and staff members of EWU may visit the website of ACM Portal Digital Library and download full-text of articles from journals and proceedings papers. To use the facilities of the ACM portal digital library, interested users are requested to contact the Joint Librarian of EWU Library to obtain further information for getting access to the ACM portal, since the ACM Portal is password protected.

The EWU Library has also access to more than 150 online journals of Oxford University Press (OUP). The users of EWU Library can use its facilities for searching and browsing publications and in-house and international databases, including Medline/Pubmed, HINARI, and AGORA. In addition to the above-mentioned online journals, faculty members utilize many website resources in the delivery of excellence in teaching and in enhancing the learning environment of the University.

Virtual Campus

In line with EWU's mission for "excellence in education" to provide world class education using IT and Multimedia Technologies, all the courses offered at different departments are on-line. An online course page allows the student access to vital information about courses including the course information, exam deadlines, lecture plan, lectures notes, model questions, link to relevant web sites, etc.

Students are required to familiarize themselves with how to access subject web pages and use different features provided by the Virtual Campus link on the web site of the university at www.ewubd.edu. Besides, students are also required to check for make-up and extra classes on-line.

Career and Employment

The Career Counseling Center provides proper guidance to students about their career plans. The center liaisons with prospective employers and arranges internships and part-time jobs for students and graduates.

The Career Counseling Center works to place students with leading business organizations of the nation who can expand their activities by utilizing fresh minds imbued with modern skills and expertise. As a forerunner among private universities in Bangladesh it is a place that endeavors not only to ensure excellence in education but also to help students find suitable careers. The center organizes job fair, workshops and seminars on a regular basis for career-seeking individuals, participating companies, and potential bodies who are employers to make them interact and get to know each other's needs and priorities. Besides, the largest job portal in Bangladesh, BDJobs.com, has established a linkage with the Career Counseling Center to extend job services to East West University graduates.

Student Clubs

In addition to academic work, opportunities for other student activities abound. Students participate in different activities all year round. The university has a number of clubs to promote various extra-curricular activities. These include:

1. Environmental and Social Club
2. Business Club
3. Debating Club
4. Cine and Photography Club
5. MBA Club
6. Computer Club
7. Cultural Club
8. Sports Club
9. Rotaract Club of East West University

10. English Conversation Club

11. Pharmacy Club

12. Natural Science Club

13. EWU Electronics Club

14. EWU Programming Club

15. The English Poetry and Drama Club

16. Financial Analysis and Research Club

Other Facilities

Other facilities of the university include:

Spacious air-conditioned classrooms

Free e-mail and Internet access

Medical Center

Prayer Room

Cafeteria

Study Room and

Separate Male and Female Common Rooms with indoor game facilities and Television.

Scholarships and Financial Aid

Since its inception, East West University has been awarding merit scholarships and need-based financial assistance to deserving students. Every year the university distributes at least 9% of its total earnings among 20% or more of its regular students. Such scholarships/financial assistance are not available to those students who have already spent the normal study time required for the programs for which they are enrolled (e.g. Bachelor program students are not eligible for any scholarship/financial aid from the fifth year onwards.) In order to be able to further support and nurture the merit of students, particularly those from the middle-class and from outside the metropolis, the Board of Directors of East West University has set up a fund called "The East West University Medha Lalon Fund" with an initial endowment of Taka one and a half crore.

According to the provision of the Private University Act, 1992, private universities must provide scholarships to 5 (five) percent of its enrolled who are poor but meritorious students. Since its inception, the founders of

East West University adopted a policy of not paying any profit or dividend to themselves but to use a good part of its operating surplus towards nurturing merit and providing financial support to those in need. In the last eight years, the scholarship and financial aid policy adopted by East West University has become a source of great encouragement to meritorious but financial income deficient students. The academic world has greeted this policy pursued by East West University enthusiastically.

Benefits have been awarded in the following forms:

Merit Scholarships

EWU has generous merit scholarships/financial aid programs. Taka two crore sixty lakhs was awarded to 800 students in 2005. Full-year tuition waiver merit scholarships are awarded to:

(i) Two top scorers in admission tests with a minimum score of 75% marks; or

(ii) Students securing GPA of 4.8 in the most recent HSC Examination (excluding 4th subject marks); or

(iii) Students securing 5 (five) A's in "O" level and 2 (two) A's in "A" level; or

(iv) Top 10% students of each batch (minimum CGPA 3.90) who have completed at least 30 credits in case of undergraduate programs and 24 credits in case of graduate programs during the immediate past year.

Directors Scholarships

Each of the fifteen Founder Directors of the university, at a point of time, awards two full-tuition scholarships to two students or splits the scholarships into half or quarter tuition waiver/scholarships. This is renewable at the discretion of the Founder Director concerned unless the recipient scholar performs very poorly.

Financial Aid
(a) General

At the beginning of each semester the university considers on application and in prescribed forms, granting of

financial aid to deserving students on a need-cum-merit basis. Applicants achieving the minimum prescribed CGPA of 2.50 in the last academic year (30 credits for undergraduate programs and 24 credits for the graduate programs in the three consecutive semesters) with demonstrated financial need shall be offered financial assistance to cover part of the tuition for the next thirty credits, the actual amount often depending on the number of applicants and availability of funds. This is by far the largest component of the funding support both in terms of the amount of money as well as the number of recepients/beneficiaries.

(b) Family Concession

For a second child of the same parents studying simultaneously with another child at East West University, the second one is entitled to a half-tuition waiver. Both the children must be admitted full-time into regular programs. The benefit commences on the date of admission of the second child and ceases on the discontinuation of the study of any one of them, after his/her graduation or for any other reason. This benefit may extend upto the third child of the same parents under the above-mentioned conditions.

The Medha Lalon Fund

In order to be able to extend further support towards nurturing merit, particularly to students of middle-class background, to female students, and to students from outside the metropolis, the Board of Directors of East West University set up in 2002 a scheme called the East West University Medha Lalon Fund with an initial endowment of Taka one and a half crore. The Board has sanctioned an amount of Taka one crore thirty lakhs from the operating surplus of the university for the Fund; this is in addition to the disbursement each year on regular components such as the merit scholarships and financial aid. Five philanthropic persons/organizations have contributed a combined amount of Taka twenty-seven and a half lakhs to the Medha Lalon Fund. From the annual earnings of the East West University Medha Lalon Fund deposited in a lucrative five year interest earning Scholarship Deposit Account of Mercantile Bank, need-cum-merit based financial aid is being awarded.

The East West University Medha Lalon Fund is administered by the Financial Aid Committee of the university. For aid, students must apply through a prescribed form. Applications are processed based on information provided by the applicants and according to the criteria set by the university authority, which is subject to change at the discretion of the university. No student of the university is entitled to benefit from more than one scholarship/financial aid facility at any point of time.

The university charges a minimum amount (less than one percent) as administration costs from the earnings of the East West University Medha Lalon Fund. It ensures maintenance of regular accounts of the Medha Lalon Fund and

has the accounts externally audited every year. The Financial Aid Committee keeps Medha Lalon Fund donors informed about the operation of the fund on a regular basis. The Committee arranges meetings with the donors to the East West University Medha Lalon Fund to apprise them of the operating procedures, scholarship awards and performance of the scholarship awardees as well as to seek guidance of the donors. The selection of the scholars and financial aid beneficiaries is done through a computerized system that ensures full transparency.

As is evident from the Table below, the university policy is quite generous in nurturing

merit since an increasing percentage of tuition income gets ploughed back and goes to deserving students. It is worth noting that the university encourages, as a matter of policy, enrolment of mofussil students who are also, therefore, beneficiaries of the scholarship and financial aid awards. The university has also been consciously endeavoring to increase the proportion of female students who also benefit from the scholarship & financial aid programs.

The table below shows the number of recipients/beneficiaries of various scholarship and financial aid programs in the last six years:
